

wardrobe

DAKOTA 160 | 203

The DAKOTA wardrobes are available in two widths and two designs. The doors are made of symmetrically arranged mirrors. The interesting pattern creates the impression of a large mirror, but at the same time the symmetrical divisions disturb the regularity of the wardrobes.

In the picture: frame - white; front - white, mirror. Aluminium slides, lower carriages on bearings.

- timeless design
- functional inside
- aluminium handles
- large mirror

available colour options

frame: black
front: black, mirror

frame: white
front: white, mirror
